MEMORANDUM FOR: Director of Central Intelligence

SUBJECT: Request for Assistance from Representative
George H. Mahon

1. This memorandum contains a recommendation submitted for approval of the Director of Central Intelligence. Such recommendation is contained in paragraph 3.

2. Mr. Robert Michaels on the staff of House Appropriations Committee who handles both Department of Defense and CIA matters, telephoned stating Mr. Mahon would like a brief statement on the matter of the Government acquiring additional land contiguous to the Agency property at Langley. I have asked Colonel White to have prepared an appropriate statement. The purpose behind this is to permit Mahon and Ford to answer questions from other members.

3. Mr. Michaels also stated that Mr. Mahon would like Robert Michaels and Ralph Preston, another senior member of the staff, to review the aerial photography during the period 5 September through 14 October. Mr. Mahon would like this done some time this week. The point was raised that they would go to DIA for this if we preferred. Under the circumstances, I would recommend that we have Mr. Lundahl handle this if you approve.

The recommendation in paragraph 3 is approved.
